Elena Sitnikova

Front End Developer

Front End Developer with UX/UI design background passionate about smooth and creative interactivity, performance and problem solving. Experienced in developing web and native applications, landing pages, corporate websites, e-commerce integration.

Looking for a Front End Developer position (remote or on-site). Currently based in Belgrade, Serbia. Open to relocation.

Professional contribution also includes teaching (HTML/CSS course and personal lessons - more than 40 students total), writing code modifications for website builders (YouTube channel with 2k followers, participated a public speaking for Tilda Publishing with 23k total views).

I am a collaborative team player with the ability to show excellent results within group environments while also thrive as a proficient independent developer.

Skills

Skills	Tools	Knowledge	Design related	Other	Languages
HTML	Git/GitHub	Cross Browser dev	**UX/UI**	Cargo Collective	English
CSS	Vite.js	Responsive	**Design systems**	Webflow	Russian (native)
JavaScript	Webpack	Pixel perfect	Mobile first	Tilda Publishing	
	npm	Testing			
React	React Router	SEO	**Figma**		
Tonic (framework)	Redux	Performance optimisation	Adobe PS		

Experience

Jun 2023 – present

Front End Developer & Web Designer

Socket Supply Co, USA ↗

Designed and developed several promo landing pages with complex layout and playful interactivity. Worked on development of numerous content pieces for existing websites (socketsupply.co, tonicframework.dev), and 3 native applications including a P2P messenger. Worked on a Web Component library – Tonic Native. Additionally, successfully released an individual open-source project, showcasing both innovation and dedication to the field.

Sep 2020 – Jun 2023

Front End Developer & Web Designer

Freelance, Worldwide

UX/UI design and development, seo and problem solving for numerous websites - portfolio websites, landing pages, corporate, e-commerce, etc. 10+ projects were developed from scratch on Cargo Collective, which allows to write pages with html/css/js on top of its CMS and e-commerce tools. 40+ web design awards and mentions gained during 2021-2023 year.

Oct 2022 – Dec 2022

Author of HTML/CSS course

Code Mode Course ↗

HTML/CSS (+ browser JS basics) course for beginners oriented to developers who work with Tilda Publishing (website builder). The course helps its students grow professionally, learn how to modify Tilda websites with code and enter the world of Frontend Development.

Jan 2021 – Jan 2022

Senior UX/UI Designer & Lead Tilda Developer

AZ Studio (Russia / Italy) ↗

Successfully finished more than 10 projects (corporate websites and landing pages). Injecting code to Tilda websites helped the studio to stand out from their competitors and gain worldwide awards and recognition (3 awwwards HM, Behance UI/UX ribbon, and other). This experience helped me to gain my first frontend dev experience and practice problem solving in complex code environments.

Previous working experience

2018 – 2020	UX/UI and Graphic Designer
2014 – 2017	Senior Engineer, Bridges and Tunnels Construction

Education

2009 – 2014	Voronezh State University of Architecture and Civil Engineering, Russia
	Masters Degree

Selected projects

Pollution App
See on GitHub

The Application shows the current air quality index along with hourly rates for each pollutant. Native Desktop and Mobile app.

designer · frontend developer · socket runtime · react · vite · html/css/js
